

5th Annual International Remote Conference

SCIENCE & SOCIETY

February 15-16, 2020

BEYOND SCIENCES
INITIATIVE

Science & Society is an online conference that provides scholars worldwide an opportunity to present their research and network with a broad scientific audience. Presenters and attendees simply connect to the live broadcast conference using links that will be distributed to all registered participants prior to the conference date.

Interested undergraduate and graduate students, as well as health professional trainees, are invited to submit abstracts related to the topics indicated for either oral or poster presentation. Topics span from basic/fundamental research to translational work and population health.

Abstract Submission Deadline:
Dec 15, 2019

FREE

Online Registration
www.beyondsciences.org/conference2020

Conference Topics

- Global Health
- Cancer
- Chronic Diseases
- Biotechnology
- Bioinformatics

Last year...

- Participants from 90 countries
- >3000 views of presentations

Keynote Speakers

Dirk Gewart, PhD

Head of Bioproduction, Horizon Discovery, Ltd., Cambridge, UK

Crossing Channels: From Academic Research to the Corporate Boardroom

Archana Bhaw-Luximon, PhD

Drug Delivery & Nanotechnology Unit, Centre for Biomedical & Biomaterials Research, University of Mauritius

Nanotechnology Opportunities in Health

Luke O'Neill, PhD

School of Biochemistry and Immunology, Trinity College Dublin, Ireland

Adventures in Inflammation Research

Rae S M Yeung, MD, PhD

Professor, University of Toronto Senior Scientist & Rheumatologist, The Hospital for Sick Children, Canada

Towards Precision Medicine: Data-Driven Machine Learning Approaches to Understand Autoimmunity
